**At the Altar of Speed: The Fast Life and Tragic Death of Dale Earnhardt by Leigh Montville**

I listened to it while I was cooking dinner for about 4 days.

I actually got the audio tape version of the book. Strange choice: the author left out the events of the crash that killed Dale Earnhardt. Cover has no visible wear, and the dust jacket if applicable is included for hard covers.

The book really makes you feel like you knew Dale and his family.

Then on February 18, 2001, just seconds from the Daytona 500 finish line, the world of stock-car racing suffered a devastating loss as Dale Earnhardt fatally careened into a track wall. Beginning with Earnhardt's early days growing up in small-town North Carolina, veteran sports writer Leigh Montville examines how a ninth-grade dropout started on the dusty dirt tracks of the South, went through two marriages and a string of no-future jobs before turning twenty-five, then took about a million left turns to glory.
