### Current status of cell

The telehealth bill will provide the RTs with an advanced role in patient care and provide patients with a better availability to RT services.

### Respiratory Therapy

Vogiatzis I, Nanas S, Roussos C, Ries AL, Kaplan RM, Limberg TM, Prewitt LM. It is possible that RTTs could have successfully passed the NBRC RRT exam but may not have applied for an RT license in New York.

### Local Coverage Determination for Respiratory Care (Respiratory Therapy) (L37293)

The majority 78% indicated that they would rather remain in their profession, with advanced training and education, than move on to a physician assistant program.

### Pulmonary Rehabilitation in the Treatment of Chronic Obstructive Pulmonary Disease

Staffing Staffing issues are a concerning reality, as evident from the survey findings.

### The Effectiveness of the Jamboxx Respiratory Therapy Device: Study 3

**BACKGROUND:** In the current health-care environment, respiratory care may need to make significant changes to academic preparation and clinical practice. Study selection According to the search terms, 2790 articles were identified regarding the COVID-19 patients in ICU.

### Respiratory Therapy

The reasons for this decline are multifactorial and include decreasing adherence to the exercise program; exacerbations of COPD; development of comorbidities; and longitudinal deterioration from the disease itself.

### **Pulmonary Rehabilitation in the Treatment of Chronic Obstructive Pulmonary Disease**

These are allied health workers who have expertise that supports the treatment that patients receive from physicians.
