Easily adaptable to a variety of uses, this book is a critical resource for a wide range of audiences, including both aspiring and practicing administrators, teacher leaders, and educational policy makers. No one does a better job of taking readers to the street level to teach the types of ethical issues which they will confront on the job. This book discusses how students and practitioners should take into account four ethics paradigms to help solve authentic dilemmas.

ERIC

Shapiro and Stefkovich facilitate both understanding and application through a set of compelling case studies that reflect authentic problems of leadership practice. Chapter 1 is an overview of what is called the multiple ethical paradigm frameworks, its approach and value in the light of complexities and diversity of the present age.
