**Chapter 7 : Risk management and decision making in relation to sustainable development — Special Report on Climate Change and Land**

The natural response to this attempt to refute the argument from evil was set out very clearly some years ago by Nicholas La Para 1965 and Haig Khatchadourian 1966 among others, and it has been developed in an especially forceful and detailed way in an article by Keith Chrzan 1987. Many agrosilvopastoral systems have been proposed in recent years.
