Most of the Katanga mines were open-cast, so that miners worked in the open air in daylight, while the South African gold mines were underground and subject to rockfalls, explosions of volatile gases, and injuries incurred in the darkness. Orenstein to Elinor Bonner, 19 th November 1970 in Thomas Jefferson University Archives Philadelphia , Alumni Office.

Élisabethville

Union Minière managers, unhindered by settler politicians or an effective white trade union movement, eventually 1926 adopted his stabilization of labor policy, which called for the implantation of workers with their families.
