Through his beliefs for Cuban and Latin American sovereignty, Cuba revolted on former allies. He who believes that a cultured and upright man, simply because he is black, would intrude upon the friendship of those who, because they reject social equality, would show themselves inferior to him, is grossly mistaken about the stalwart soul of the Cuban man of color. At the age of 16, his editorials and poems were already being published in local newspapers.

#### **Jose Martí, architect of Cuba's freedom / Peter Turton**

They would rather perish in exile than foment a war in which some Cuban, or some neutral inhabitant of Cuba, had to suffer as the conquered are suffering. A mere change of form would not warrant the sacrifice to which we are lending ourselves, nor would a single war be adequate to complete a revolution whose chief success resulted only in the change of location of an unjust government. Born in Havana, Cuba, on January 28, 1853.
