## STUART TODD

Background This paper examines the bereavement experiences of parents of people with intellectual disabilities IDs. In this paper they describe the genesis of the research initiative, the research commissioning process and intentions for a research communication strategy. .

## Services for People with Disabilities

. RESEARCH OFFICER, CENTRE FOR SOCIAL POLICY RESEARCH AND DEVELOPMENT, UNIVERSITY OF WALES BANGOR  
Catherine Robinson RESEARCH FELLOW, CENTRE FOR SOCIAL POLICY RESEARCH AND DEVELOPMENT, UNIVERSITY OF WALES BANGOR.

## Assessing the impact of the All-Wales Mental HandicapStrategy: a survey of four districts, Journal of Intellectual Disability Research

It is therefore concerned centrally with the idea of resilience. Being able to control or shape those factors impinging on the experience of stress and job satisfaction appears to lie at the heart of the dilemma.

## The implementation of the All

There was an increase in the availability of residential services in the form of ordinary housing and an associated contraction in large congregate care facilities. .

## The implementation of the All

Social systems theory is proposed as a means of addressing the requirements of a future research agenda about family care. The first in a series of supported living projects: for it became apparent that there were people who needed some support some of the time, but not twenty-four hours a day.
