Through revealing photographs and accompanying text, this exhibit offers an enchanting and beautiful glimpse into the inner life of the Institut des Hautes Études Scientifiques IHÉS.

**The Unravelers: Mathematical Snapshots**

Gouvea, MAA Reviews, February 2009 One gets a vivid and unusual picture of mathematics from the side not of theorems and proofs but from the side of the experience of mathematicians. .

**Les déchiffreurs. Voyage en mathématiques The Unravelers. Mathematical Snapshots by Jean**

This charming little book can keep us dreaming of the excitement of science.

**The Unravelers: Mathematical Snapshots**

I recommend this book to teachers and students. This is one of the things that makes books like this one valuable: here are some of the big names, and we know exactly where and when the photos were taken.
