Old (2021)

We have over 12,000 OTR shows available for instant listening.

Sanitation

A kite is a type of scavenging bird that kept the city of London in Elizabethan times cleaner than it would have been.

Old (2021)

By 1899 a second train, the was added during summer time. Laggan was named by Lord Strathcona for Laggan in Inverness, Scotland. His hands-on style of getting things done meant he was closely involved with most aspects of the Company except for financial and political matters.

Old Time Trains

He would later write a book on his life, Reminiscences of a Raconteur. With patience this can be successful but we cannot give any guarantees. Van Horne's personal enjoyment of good food and drink obviously came into play here.

The Crossword

Click to enlarge The CPR offered colonist immigrant , second-class and first-class travel on its trains.

The Crossword

Things began to change with the opening of the in 1916 the line was relocated and the new station was over a mile away. Another attraction was Nakimu Caves in the nearby Cougar Valley.

Ballot

Their was no drainage in the streets either, and no sewer system.

Ballot

Fairmont Hotels and Resorts Inc. It ate everything it could, and they were usually dirty and carried diseases. Change continued in the years to follow, even the unthinkable happened when in 1978 Canadian Pacific Railway got out of passenger trains entirely, leaving the money loosing business to a newly-created Federal government entity, VIA Rail Canada.
