I saw how the neighborhood environment affects health. Remittances allow opportunities for housing, buying food, and access to education and health care, but also create an appetite for consumption in favor of investment. They face serious risks of trafficking and sexual assault by criminals, other migrants and corrupt public officials....

**Growing Up in an Immigrant Family**

I am excited about courses emphasizing the human rights and cultural aspects of health

issues, as well as the need for accessible services and more culturally competent professionals. I was horrified by the number of clinics that denied her service or refused to perform medical testing because she was uninsured, leaving her condition undiagnosed for months.

Upon being rescued by the fisherman, Elián was turned over to the U. Given the most recent findings, it is likely that more than 400 kidnappings involving some 22,000 individuals may be occurring in Mexico on an annual basis. I was at Ground Zero in Manhattan on September 12, 2001 providing care to rescue workers.

The illegal travelers believe the Los Zetas cartel was involved, but they also raised questions about possible involvement of government authorities. Just as in the case of kidnappings, many accounts of sexual violence may underestimate the total number of instances that occur, as women are often reluctant to report their experiences both out of fear of deportation and shame.
