## Women's Leadership in the African American Church

In particular, older women may teach younger ones, as Titus 2:4-5 suggests.

## A Woman's Place in Christ

And some Christians take the doctrine so far as to discourage women from having authority over men at all, even outside of the church. As all believers obey, God will cause the power of Jesus Christ to work in their situations, so they can fulfill their destiny.

## Textbook co

She trained Apollos in Ephesus and had two apostles, Andronicus and Junia, in her church at Rome. Men and women of good will might certainly disagree about this teaching. When a woman goes abroad as a missionary, she is both allowed and expected to teach, and not just to teach other women.

## Women's Leadership in the African American Church

Marriage then is extremely important for shoring up these gender roles.

## Can Women be Pastors and Preachers? What the Bible Really Says

All scripture BOTH new and old can only be rightly divided by looking through the lens of Jesus. So, the article lacks on this point too. Were they her companions or a church that met in her house? The Solution: So what is the church going to do? Many, including acclaimed , instead interpret the passage as metaphorical.
