## Danger Cave

The modernization of the mine and processing plants has gone forward, and in 1992 this remains one of the great copper producing centers of the world. Phil Geib of the University of New Mexico and Utah archaeologist Winston Hurst obtained new radiocarbon dates for some of the remains, but they also relied heavily on a traditional standard of archaeology: context.

The ward also included the Hunter Precinct within its boundaries.

## Rick, Torben

These native people left behind fascinating evidence of their existence inside of Danger Cave.

## Rick, Torben

It is indeed a sad moment -one out of many I may add- when one needs to actually explain or rephrase -or alas! The canyon was officially named Coon Canyon. Joseph Toronto was one of the pioneer owners.
