### HueyCobra (Helicopter)

On night missions the pilots had to close their eyes when they fired to preserve what little night vision they had. The AH-1F was fitted with a new HUD, a redesigned cylindrical exhaust with a better IR suppressor, a new IR Jammer, a laser warner system and an air data sensor.

### 6 Facts About the Huey Helicopter

To give an example a UH-1B gunship, fully loaded, would often have issues taking off vertically. History of the Huey The first flight of the Huey was by Pilot, Floyd Carlson on October 22, 1956 in Fort Worth. Abstract: The Huey and Cobra US Army helicopters carried thousands of American soldiers during the war in Vietnam

### Mast Bumping in Huey and Cobra Helicopters (Epilogue)

What WOULDN'T they have worn? Phone: +1-770-897-0444 x 1001 -OR- Nichole Dawson — Operations Assistant. These observation helicopters could locate and assess enemy positions and work in tandem with the awaiting gunship who then brought its lethal payload to bear on a designated area. Armed helicopters first came into widespread use in Vietnam in the early Sixties.

### The Bell AH

The mortality rate among injured soldiers in Vietnam was less than 1 in 100 casualties compared with 2. We actually had a heavy fire team of three gunships heading back for fuel Gunship coming in low Continues on Page 2 Slicks and Hogs Gunship with Door Mounted MiniGun — Det 7 Gunners Doug Taylor and Pat Keech 128th Helicopter Gunship Assault Company, prepping the LZ Vietnam 1969. Of all of those only Spain has retired their AH-1 fleet.

### 6 Facts About the Huey Helicopter

The original Cobra retained the Huey's engine, transmission, and other major parts, but replaced the Huey's bulky fuselage with a thin profile fuselage with tandem seating. When I got there, 1983 we were the 1st ESAREUR European Theater of Operations to get the then brand-new M1 Tank and LtC John N.
