She continues to hold an affiliate appointment with. That means extending the New START Treaty and swiftly moving to a next phase of arms control to strengthen nuclear stability, carefully adjusted to a world of multiple nuclear actors.

### How is Assange “1,000 percent” certain Russia didn’t hack DNC?

In 1996, people were voting against communism, supporting the lesser of two evils. The contrast between the modern, Western-oriented, and young leader of the left in Poland, Mr.

### Russia's 2000 Presidential Elections: Implications for Russian Democracy and U.S.

During the 2000 presidential campaign, public support remained steady at roughly 60 percent and did not waver, as many predicted, when Russian casualties increased. In the end, SPS had no impact on the presidential vote.

#### **Ukraine election narrowly avoided 'wanton destruction' from hackers**

These transcripts should have been released long before now, but the White House held up their release to the public by refusing to allow the Intelligence Community to make redactions on the basis of classified information, rather than White House political interests. Kemp obstinately refused to acknowledge the blatant, extensive vote fraud in Georgia and stonewalled efforts to conduct voter signature verification.
