## Genjitsu Shugi Yuusha no Oukoku Saikenki Wiki

Szeretnéd teljesen kiélni animés vágyaid a sok skippelt anime ellenére? New to this kind of genre, I took the liberty of trying it and at the end I really enjoyed it. Character The character development was ok, i liked only one of the sisters, Ayame, i also really liked Washizu he was hilarious with Torigaya who in every episode gets smaller and smaller and only in the manga you will know the reason behind this apparently every other character was just average but Yoichi was my least favorite, he was too naive. Furthermore, the 4 main families of Asura Boreas, Notus, Zephyrus and Eurus all have names derived from members of the Anemoi.

## Asu no Yoichi! (Samurai Harem)

Sukiyaki is a kind of Japanese stew and has nothing to do with the song.

Honzuki no Gekokujou: Shisho ni Naru Tame ni wa Shudan wo Erandeiraremasen 1.rész [Magyar Felirattal]

When Kazuya Souma is unexpectedly transported to another world, he knows the people expect a hero. The sound was good, the music and voice acting were good.

[SA/Ya] Doujinshi SasuNaru

Yoichi and the girls try to overcome obstacles and challenges that are thrown at them.
