## 27 Powerful Quotes About Motherhood

Children and teens still need guidance in developing and evaluating their own value systems, and they depend on the significant people in their lives for help. Regardless of what you consciously teach them, your children will emerge from childhood with clear views on what their parents really value, and with a well developed value system of their own.

## Being a Parent: Unchanging Values in a Changing World by Karl S. Bernhardt, Paperback

Other research on the role of fathers suggests that the influence of father love on children's development is as great as the influence of a mother's love.

## How Can We Cope in a World of Rapid Change?

So we suffer, we feel bad, we feel ostracized. Why Im not studying a PhD? A released today by the Pew Research Center shows how the values Americans bring to parenting are strongly linked to their own ideological leanings.

## How technology is changing our choices and values.

Encourage your child's initiatives that express budding values.

## **Using your Values to Raise your ChildrenThe Center for Parenting Education**

It certainly helps if you don't have another voice in your home spouting antithetical values, and studies show that TV has a definite negative effect on kids' values around acquisitiveness, sex, violence, race, and gender, no matter what you try to teach them. Do you believe whatever I do would be so insignificant that it would not contribute change to the society or moreover, the world? Like I said above, your parents may be different than mine — but there was a time when I never would have expected my parents to be so accepting and tolerant of my heathen ways, and they just keep surprising me.
