Truy cập ngày 26 tháng 4 năm 2017. They argue that Japan had a recognizable methamphetamine problem immediately after the Second World War, when postwar disorder induced many people to use methamphetamine as a way of relieving mental stress and depression. As time passes, Asuna fears what will become of her life outside the fantasy realm—the failure she might seem in the eyes of her peers and parents.

The shock in the community was such that newspapers covered the investigation almost every day until May 6, when the suspect was arrested. In support of this claim, I have outlined the events that led to the passage of the Stimulant Control Law and also analyzed the narratives on methamphetamine that emerged in subsequent years. Media Arts Database in Japanese.
