## Chambers Dictionary

It loses marks for me for its irritating home pronunciation system; and it's decidedly patchy on archiac or obsolete words and definitions. It is regarded as the dictionary of choice for crossword setters and solvers, and is popular with players of wordgames such as Scrabble R and Words With Friends R. The Chambers Dictionary is treasured by word-lovers and crossword aficionados for its majestic coverage of English and its tradition of sneaking in a sprinkling of light hearted definitions and the more quirky words in the English language.

## Chambers's Encyclopaedia

We got out a copy of Chambers and looked around for a word that would be as obscure and hard to spell as possible.

## The Chambers Dictionary (豆瓣)

Some of the words that are lost have gone out of the language completely while others have been sacrificed to make space for modern words, like twerk.

## Chambers's Encyclopaedia

It is famous for its Scottish heritage, its thorough coverage of obscure words and its unique personality that comes across in a definition style that is both useful and witty.
