Armageddon

The world has seen since Napoleon's day a hundred years before In the interim, you had a lot of one sided conflicts. A belgian officer who was there quote, They made no attempt at deploying a belgian officer described it later came on line after line almost shoulder to shoulder.

Coming Apocalypse: Are You Really Prepared for Armageddon?

Those engineers had been hard at work for the last few days.

End of the world: How US President's advisor predicted 'Battle of Armageddon' in 2020

While Crowley protested that he found this absurd, in truth Rose had struck a nerve. Ludendorff's actions that night remind us once again that, even though, as I've said several times, the machines have kind of taken over the dominant role in fighting artillery guns All those things are machines.

Book Review: A Rose for Armageddon, Hilbert Schenck (1982)

We were bored but hour after hour passed, and there was no halt, no breathing time, no open spaces in the ranks.

End of the world: How US President's advisor predicted 'Battle of Armageddon' in 2020

And machines have been an important part of battlefields, since or there were cities in human societies to field mass armies at all.
