The US suspension of atmospheric tests was lifted on 25 April 1962.

### Partial Nuclear Test Ban Treaty

Stanford, CA: Stanford University Press. The moratorium would be overseen by an international commission reliant on national monitoring stations, but, importantly, would involve no on-the-ground inspections. Dean Sara Miller McCune founded SAGE Publishing in 1965 to support the dissemination of usable knowledge and educate a global community.

### The Case for Negotiating With Adversaries

In May 1961, Kennedy attempted via secret contact between Attorney General and a Soviet intelligence officer to settle on 15 inspections per year. Fisk was a vice president at Laboratories and was joined by and Ernest Lawrence, both physicists who had worked on the Manhattan Project. It was obvious to all that the top priority at this Conference was nuclear disarmament.
