### The UFO Casebook

AUTHOR: Steiger, Brad, and Francie PUBLISHER New York, N. The book goes from those beginnings through the world of science fiction film and stories, governmental conspiracies, and more, showing how the UFO tales reflected American concerns and fears. In 1947 a weather balloon landed near Roswell New Mexico, and after the publication of The Roswell Incident by William Moore and Charles Berlitz 1980 -- see above -- it has become a leading cause célèbre with charges of government coverups of genuine UFOs; more recently there has even been supposedly documented evidence of an autopsy of an alien found at the site of the Acrash.

### Gods of Aquarius : UFOs and the transformation of man
