[The Age of the Unthinkable]

Global capitalism, intended to improve lives, increases the gap between rich and poor.

[The Age of the Unthinkable]

It will spread to every corner of our lives, to our businesses, our bank accounts, our hopes, and our health. Fouad and I have a settled peace about us at the moment, the slow calm of an early afternoon, each of us getting ready to return to our respective lives.

This means that what is currently unthinkable might become reality.

The age of the unthinkable : why the new world disorder constantly surprises us and what we can do about it (Book, 2009)
[metrics.learnindialearn.in]

This poses some hard questions on subjects like rights and the uses of national power.
