Consequently, the books in the series may occasionally wander off the high road of history to follow the fascinating byways of adventure and anecdote as they span all parts of the world in over 2,000 years. Using a consistent framework, the chapters offer an overview of each country's history, geography, government, and economy, as well as a detailed analysis of the country's healthcare system facilities, workforce, technology, cost, quality, and access. On the recommendation of Edmund Smyth, Nain Singh and Mani Singh Rawat were selected for this expedition at a starting salary of rupees twenty a month.

Sure, while I was in the military people died left and right, but I came out of the skirmishes just fine. Fun to read for kids--and adults! I love that Sarah Albee wrote this in a very conversational, honest voice that acknowledges misconceptions about ancient civilizations and various figures throughout history. On October 13th, we set off from the Canary Islands, hoping to find Hispaniola, the great Island Columbus discovered only a year ago.
