Tactical Crime Analysis Matrix and Data Analysis

The missing content relates primarily to issues around consent, sexual orientation, family status and gender identity.

traveling Archives

Dear readers, I'm still here in Ansonia but I'm moving in a new direction. The federal Director of Public Prosecutions will have a view, as may other provinces, who might rightly wish a bright line, given that they prosecute plenty more than the feds. He turned his cell phone around and snapped Schieffer's picture.

Natalie Harwood

This brings all of the social debate about facial recognition—should it be banned, are there ever cases where benefits outweigh the risks of its use, how can it be regulated or simply, can it be effectively regulated —into clear and urgent focus. Actual distances are unknown but a few hundred metres can certainly be inferred. That is why I introduced the idea that the world has gone from round to flat.

View from the Valley: August 2014

Often for quite a long time. During those years I lost the trail of globalization. Wind and solar produce 5% of electricity.
