Glossary of Research Terms

He recognized the potential for either human annihilation through technology and human cruelty or the capacity to create a beneficent society using technology and human compassion. Thus, indoctrination is either: 1 any form of teaching aimed at getting students to adopt beliefs independent of the evidential support those beliefs may have or lack ; 2 any form of teaching based on methods that instill beliefs in students in such a way that they are unwilling or unable to question or evaluate those beliefs independently; or 3 any form of teaching that causes students to embrace a specific set of beliefs—e. Indeed, such discrimination, even when it arises from indirect state measures such as the funding of schools from property taxes, can be especially pernicious to and is not lost on children.

Educational Philosophy

Conservatives and liberals differ as to whether individuals face different obstacles simply by virtue of their group membership.

Glossary of education terms (T

Just because an early educational philosophy sounds like it would be a great fit for your little one, in practice it might not always be the case. Many educators and educational scholars have championed the educational aim of critical thinking.

Glossary of Research Terms

Subject A separate unit of study and a combination of subjects make up a course of study.

Glossary

CBEDS Before 1998—99 the definition was as follows: A person having origins in any of the original peoples of the Polynesian, Micronesian, or Melanesian islands, excluding the Philippines. CBEDS Average Class Size The average class size is determined by dividing the enrollment in classes by number of classes. They do not have equal opportunity if Alice also faces an irrelevant obstacle, such as race-based discrimination, that

Belle does not face.

Dictionary of Education

A proposition is knowable a priori iff one could be justified in believing it on the basis of reason alone. So we should not penalize a poor person who smokes to the same extent that we penalize a wealthy person. A comprehensive and personalized plan that helps a child with disabilities achieve a specific set of education goals.

Philosophy of education

Choices one can make based on values, outside determinism. After the definition of each term, is the code for the associated data system.
