Yagelski is Associate Vice Provost and Director of the Program in Writing and Critical Inquiry and Professor of English Education in the Department of Educational Theory and Practice at the State University of New York SUNY at Albany. I'd like to see a few visuals related to the examples in the text. The fundamental topics this book approaches are clearly and concisely illuminated, but they are, at heart, near-universal truths.

The Informed Argument

Part 3 presents sources for arguments on the topics of gun control, AIDS in the workplace, sexual harassment, immigration, culture and curriculum, freedom of expression, and literary criticism. The section on Rogerian Argument is very brief.

The authors very effectively assess the knowledge base of that readership and, accordingly, open the book with a chapter that offers. Modularity rating: 4 Each section is divided into sub-sections with sub-headings, making it fairly easy to assign different parts of a section. Part 1 introduces students to the basic principles of argumentation they need to analyze the arguments they read and to compose arguments of their own.
