OPTICAL INDUSTRY PRESS

Consumers must visit their eye doctor, receive a prescription, and then start the shopping process.

Optician Training Just Got A Whole Lot Easier

About 10% of the prescription eyewear work performed by the industry involves a change to a prescription or an adjustment to the frames after the customer has already used the product for some time.

Optician Training Just Got A Whole Lot Easier

If the polarization is consistent across the spectrum of the source, partially polarised light can be described as a superposition of a completely unpolarised component, and a completely polarised one. However, Cyprus had the largest , with a recorded 2. The player, introduced in 1978, was the first successful consumer product to include a laser, but the player was the first laser-equipped device to become truly common in consumers' homes, beginning in 1982.

15 Optical Fiber Industry Statistics and Trends

As Millennials continue aging in the next decade, a surge in new business will start heading toward eye doctors, eyeglass manufacturers, and lens makers. There has been a noticeable shift in consumer purchases for eyewear from form and function to form and fashion.

Opticians : Occupational Outlook Handbook: : U.S. Bureau of Labor Statistics

Moreover, health concerns such as diabetes also affect vision of people, resulting in blindness.

Opticians : Occupational Outlook Handbook: : U.S. Bureau of Labor Statistics

Although not a requirement for most employed opticians, becoming ABO or NCLE certified certainly is looked upon favorably with employers and can increase your earning potential. Do your patients sign-in for appointments with pen and paper? Continuous advances in these fields are

enabling new approaches to prevention, diagnostics and treatment. .
