5. Hazard Assessments and Workplace Inspections

Other statutory rights are not affected. All of our programs incorporate active learning that may include project-based learning, co-operative education, case studies and capstone projects.

5. Hazard Assessments and Workplace Inspections

All work is required to comply with the applicable codes, standards and ordinances. Evaluation is a continuous process that assesses student performance.

Financial Services Law Advisor (FSLA)

Students who fail Co-op and Career Preparation will not be permitted to search for co-op employment nor will they be able to participate in a co-op work term. Earn while you apply what you learn in a real workplace environment.

Access Compliance Reference Materials

All work is required to comply with the applicable codes and standards.

5. Hazard Assessments and Workplace Inspections

The California Vehicle Code prohibits parking a vehicle in an EVCS. In general, when alterations are made to existing buildings or facilities, an accessible path of travel to the specific area of alteration shall be provided; this path of travel includes a primary entrance to the building or facility, toilet and bathing facilities serving the area of alteration, drinking fountains serving the area of alteration, public telephones serving the area of alteration, and signs as well as accessible routes which connect the area of alteration with site arrival points such as sidewalks, streets, and accessible parking see CBC Section 11B-202. With Financial Services Law Advisor, we offer commentary on new developments that seem particularly significant, as well as resources that we believe can be helpful to others who are tasked with anticipating, understanding and addressing

these developments.
