Rock 'n' Roll Babylon

May contain limited notes, underlining or highlighting that does affect the text. No obvious damage to the cover, with the dust jacket if applicable included for hard covers. But we'd like to reassure Anonymous: Celine isn't dead -- she just sounds like it.

Very minimal wear and tear.

Rock 'n' Roll Babylon

This one's well-researched, but overlooks the most likely suspects: the Ramones. Our next thought was, après Kurt, le déluge. Mick Jagger only lip-synched to Wyman's pre-recorded vocals during live performances.

Rock 'n' Roll Babylon

Naturally, Herman does list details from the well-documented John Bonham, Keith Moon, Gram Parsons, etc. There are some great and crazy stories in here about everybody from Elvis Presley to Sid Vicious but there is a bunch of stuff that most people would prefer not to see a picture of the body of Roy Orbison's 11 year son being carried out of a burnt-out house one. From the stars of the 1950s to the rappers, divas, and heavy

metal icons of today, he details lurid scandals, outrageous antics, tragic deaths, and who got with, shot at, and shot up with whom.
