

Periodontal disease

Indian Health Service - Periodontitis: Treatment, home remedies, and symptoms

The screenshot shows a research article from the Indian Health Service. The title is 'Periodontal disease - risk factors and treatment options'. It includes a summary, acronyms, and a figure showing a dental X-ray of teeth. The text discusses the prevalence of periodontal disease (50-90% of adults worldwide) and its relationship to oral hygiene and systemic diseases like diabetes and heart disease. It also covers treatment options like scaling and root planing, and the importance of prevention.
