But if you value the fact that clinical practice really should be guided by the patient's experience and what we can learn from that, then you really should take a look at this small gem of a book.

The Art Of Conversation Through Serious Illness Lessons For Caregivers PDF Book

This book is about how to be an encouraging caregiver and friend under the most difficult circumstances, when the possibility of death is all too real. The authors believe that open dialogue must not be avoided until the last minute when opportunities will be limited, but that caregivers and loved ones can embrace this time, mortal time, honestly as a way to sensitively and compassionately engage with those for whom a central fact of life is realized--that all of our lives are time-limited.
