

Plutonium futures-- the science - Topical Conference on Plutonium and Actinides, Santa Fe, New Mexico, 10-13 July 2000

American Institute of Physics - Plutonium futures, the science : third Topical Conference on Plutonium and Actinides : Albuquerque, New Mexico, 6

Description:-

Christian art and symbolism -- Medieval, 500-1500 -- Ukraine.

Christian art and symbolism -- Medieval, 500-1500 -- Russia.

Icons, Russian -- Pictorial works.

Actinide elements -- Congresses.

Plutonium -- Congresses. Plutonium futures-- the science - Topical Conference on Plutonium and Actinides, Santa Fe, New Mexico, 10-13 July 2000

AIP conference proceedings -- no. 532.

AIP conference proceedings -- 532. Plutonium futures-- the science - Topical Conference on Plutonium and Actinides, Santa Fe, New Mexico, 10-13 July 2000

Notes: Includes bibliographical references and index.

Plutonium futures, the science : Topical Conference on Plutonium and Actinides : Santa Fe, New Mexico, 10

The Laboratory's basic mission is to maintain the safety, security, and reliability of the nation's nuclear deterrent without the need to return to underground testing. The item Plutonium futures, the science : third Topical Conference on Plutonium and Actinides : Albuquerque, New Mexico, 6-10 July, 2003, editor, Gordon D.

Plutonium Futures

Quality assurance targets unknown Reformatting quality unknown Sound unknown sound Specific material designation remote System control number OCoLC 71354312 Label Plutonium futures, the science : third Topical Conference on Plutonium and Actinides : Albuquerque, New Mexico, 6-10 July, 2003, editor, Gordon D. Robert McKenzie Name changed in 1981. Matthias Scholar, Center for Materials Science.

Plutonium Futures

David Bowman was on staff.

Plutonium futures, the science : third Topical Conference on Plutonium and Actinides : Albuquerque, New Mexico, 6

Leader, Accelerator Technology Division and Senior Fellow.

Plutonium futures, the science [electronic resource] : third Topical Conference on Plutonium and Actinides : Albuquerque, New Mexico, 6

Los Alamos National Laboratory Group CRM-1, Mail Stop C-322, Los Alamos, NM 87545, USA Photographic collection. Over 1,000 tons of plutonium exist throughout the world in the form of nuclear fuel, nuclear weapons, inventories of various types, and legacy materials. Los Alamos National Laboratory University of California, Berkeley.

Plutonium futures, the science : Topical Conference on Plutonium and Actinides : Santa Fe, New Mexico, 10

Group Leader, Nuclear Physics; Division Leader, Physics; Associate Director, Experimental Physics; Defense Researcher; Computer Science Researcher; Program Director, Energy Research; and Director.

Plutonium futures

Kim - Boston University Libraries. Summaries of most of these papers are contained in these proceedings. Lab was originally run by the University and was led during the Manhattan Project by University professor J.

Plutonium futures

The University ended its direct involvement in 2006. Ulam Fellow; Staff Member, Theoretical Division; and Director, Center for Nonlinear Studies.
