## Chinese: Classical, Modern and Humane

Allusion is here made to the charge reiterated in so many forms, that colleges, even in this country, are places where abuses are cherished, where antiquated notions and habits are retained long after they are discarded by all the world besides, and especially, that, here all improvement is opposed, and as far as possible excluded.

## Rare & Collectible Books

In settling a plan of education, the inquiry should be, not what some men of uncommon endowments have done, but what most men find necessary.
