## Fiqh al

The believers are equal about Allah in knowledge, certainty, reliance, love, acceptance, fear, hopefulness, belief and differ in all what is less than this. Most Gracious, Most Merciful 4. Islam is submitting and following the orders of Allah the exalted.

All the verses of the Qur'an are equal in merit and greatness, except some have the merit of recitation and some have the merit of who is mentioned in them. His Yad is His Attribute without a manner of being. So after that, whoever blasphemes has in fact changed and altered and whoever becomes a believer and believes has remained steadfast and lasted.

## Surah Al

Allah Knows the existent while in the state of existence as existent. Wiping over the Khuff-foot gear is sunnah and tarawih prayers in Ramadan are sunnah. Some terms used here might be different due to the different copies of the text.

He never did commit a minor or a major sin. All the doings of the slaves among motion and rest, they truly acquire, and Allah is their Creator, and all of them are by the Will, Knowledge, Creating and Destining of Allah.

## 66374563

He did not force any of His creations to blaspheme or believe and did not create them believers and blasphemers, rather He created them as persons; belief and blasphemy are the doings of the slave.

## **Introduction**

He knows how it would be had He created it. The Doing of Allah, the Exalted, is not created. Proximity, being far and coming forth fall on the supplicating one.

## **Introduction**

In view of that, I have humbly attempted to present this book on the following lines: 1 I have committed myself to observing the middle state by manifesting some points presented by the author and in hinting at some themes, which, in my opinion, are significant. We would like to express our gratitude and acknowledgement to all those who have contributed to this cultural project, especially our esteemed brother, His Eminence Shaykh Dr.
