Understanding youth and crime : listening to youth? / Sheila Brown

The 'Youth Justice: Criminal Trajectories Research Project' represents an important contribution to whole-of-government research and policy development exercises. Socioeconomically deprived, adolescent boys appear to be particularly at risk, with attacks at weekends and in public spaces beyond home and school being more common. How did she manage that, with a young daughter to bring up, a dissertation to complete and seminars to lead at the university? A group of recent studies with large-scale or representative samples both in Australia and in the US has pointed to the importance of the timing of maltreatment in relation to the likelihood of later offending, which is pertinent to issues concerning adolescents.
