The dollar's international role: An “exorbitant privilege”?

As a store of value, it is used by private agents when they are choosing financial assets, such as bonds held by nonresidents. Are there alternatives to the dollar? That is precisely why the European Union has been pushing to the euro in international transactions. For a foreign exporter, the outcome is just the opposite.

The Global Role of the US Dollar

The increasing debt overhang may undermine confidence in U.

How China’s ‘Currency Manipulation’ Enhances the Global Role of the U.S. Dollar

Instead, it mostly bought dollars. For technical questions regarding this item, or to correct its authors, title, abstract, bibliographic or download information, contact:

China and the Future of the Dollar

This article offers an explanation, discusses recent trends in the international use of the dollar, and assesses the possible impact of the euro in world financial markets. Many countries anchor their currency to the US dollar because their trade and investment with the rest of the world is largely US dollar-denominated.
