**Rupert Leo Scott Bruce Mitford**

Bergenhus, Romsdals og Kristians amter. MAY 3, 1903 - OCTOBER 14, 1977 WAS AN AMERICAN SINGER AND ACTOR.

**Recent Archaeological Excavations in Britain by R.L.S. Bruce**

The tapered bow is continuously curved with a deep, wide central groove. The enclosure is situated on a small flat area on a natural spur of land overlooking a dry valley to the north.

**Rupert Bruce**

This site is also special for other features that no other site in the area has in terms of difficult access and high visibility. Can archaeologists study the human experience of the sacred among premodern societies? On The Shores of the Mediterranean. It is important, therefore, that archaeologists continue to record sites from the air, not only in order to discover new sites, but also because it presents a rapid and efficient method of monitoring

land-use changes and other developments which may threaten archaeology.

### **bibliography**

The air photo mapping programme in Wales has a remit to rapidly record all redundant features of the built landscape from earliest times until the end of the Second World War, mapping and recording all sites for a 25 sq. This short film was made in summer 2008, specially for AARG 2008 conference.
