DI

While we did signal Twitter to not track our users by setting the , we do not have any control over how Twitter uses your data. This volume is based on the Workshop on Evolutionary Computing held in Leeds, U. The volume addresses several aspects of evolutionary computing, particularly genetic algorithms, and its applications, for example in search, robotics, signal processing, machine learning, and scheduling.

dblp: Evolutionary Computing, AISB Workshop 1994: Leeds, UK

In addition to the 22 best papers presented at the workshop, there are two invited contributions by Ray Paton and Colin Reever. Although we do not have any reason to believe that your call will be tracked, we do not have any control over how the remote server uses your data.
