7

The action does not fit the profile of either the CIA or the US military neither of whom are about to declare war on China. But I personally really think there are prejudices against China.

Jiang Zemin

I sincerely doubt that the whole stock and bond markets will collapse, since most of it is built on the value of property and investments within the US itself. A Port is an economic hub, the Tianjin blasts will have an impact on the Chinese Economy and the Chinese Government. I want everyone on the world to be free to express their own thoughts and ideas without a government crushing them for it.

Xi Jinping Exposes Jiang Zemin To Collapse The CCP And Push For Future World Government?

It really happened, and the official Chinese Government story does not match to what the world saw. One of the theories listed in the Daily Mails on Tianjin was that it was plot against the life of President Xi Jinping.

China Focus

The New World Order dystopia was always destined to brush up against the reality of a burgeoning middle class making increasing demands regarding environmental controls and other lifestyle elements, as well as greater political freedom and more access to power. They are not really offering China anything at this point in terms of a narrative. Some have pointed to the lack of an atmospheric in Tianjin is evidence that something other than a nuclear detonation has taken place.

What Harvard Can Do to Protest China's Communist Leader Jiang Zemin's visit.....

This had a plasma fireball that was over 4,000C! But I don't think that factories and machinery are things that a family can build in their apartments. The crimes belong to the criminal overlords and the co-opted agencies but it would be incorrect to identify these operations with any nation. The question is as always if he as a puppet will obey his masters or not at the crucial moment.

Jiang Zemin's Son Involved in Major Corruption Scandal

Many SE Asian nations do this, and we ignore it because we know that eventually, these same bootleggers will innovate and make their own improved products. We live among people who profess to love freedom, who believe in it, and who promote its growth. China is not THE MOST IMPORTANT nation to us, economically.
