Over the next two centuries, production spread throughout the provinces of metropolitan France.

#### Masterpieces of French Art Pottery

Marcel Duchamp is considered as the father of Conceptual art and, along with Pablo Picasso and Henri Matisse, he is one of the three artists who initiated revolutionary artistic developments which would define the course of 20th century art. Instead, he modeled the human body with realism and suggested emotion through his mastery in inter-playing between light and shadow; and through detailed, textured surfaces.

The siblings brought the vase, along with other Chinese ceramics, to Bainbridges Auctions near London, where a consultant dated the piece to the reign of the 18th-century emperor Qianlong and noted a seal that suggested the vase belonged to the imperial family. International shipments will be sent at the most cost-effective method possible. We can create a totally unique portrait of that special someone.
