How to Teach Visual Thinking Strategies to Your Students

Most probably, you had to put forth great effort to remember the vocabulary words.

Visual literacy

For example, encourage families to create books at home related to a particular theme or a specific topic. Students should be encouraged to think about audience: Who is the writing for? Create a display of the return messages and postcards.

Visual Approaches to Teaching Writing

Students may have trouble focusing and be easily distracted by too much input in their field of vision. Because no two students will have the same set of symptoms, each approach should be customized for the individual child. Visual Approaches to Teaching Writing: Multimodal Literacy 5—11.

Visual Approaches to Teaching Writing: Multimodal Literacy 5

Teachers might want to say the instructions out loud, demonstrate them and provide a handout. Visual approaches to teaching writing: Multimodal literacy 5—11.
