**JP**

In fact, many are turning to hydrogen as a game changer to help countries meet their zero-emission targets. Strategic implication: We favor deliberate country diversification and above-benchmark China exposures.

## Review: [Untitled] on JSTOR

This leads us to prefer inflation-linked over nominal government bonds. The prospectus and, if available, the summary prospectus contain this and other information about the fund and are available, along with information on other BlackRock funds, by calling 800-882-0052 or from your financial professional. Japan's stockbrokers were prime beneficiaries of the Bubble Economy and were hard hit by its collapse.

## Japan stock market data

One drill hole changes the game. The deepest drill hole is which measured 12. For any land held less than two years after purchase the capital gain is multiplied by 150 percent and this amount added to current income in computing the sellers income tax.
