Lesson Plans

To read our full disclaimer,. Students use multiple representations, including momentum bar charts, to keep track of the total momentum in a system, to solve problems, and to make arguments.

Welcome

Videos from the NPR site will need to be accessed through their site.

3rd Grade Science Resources

So many of you may have seen that I have started developing science units to try to provide some of the types of materials that you need to help students master alternate curriculum goals as well as basic science skills. Develop capability to communicate using scientific conventions and language through investigating and representing butterfly life cycles.
