. Orontes is a cheat and a liar, and the sort of weak-spined person who annoys me in real life. We don't really follow all his inquiries into witness statements and he mentions spending hours poking around Rome but we don't know what he was doing.

He was an auctioneer and was relatively successful. I didn't think I could love most of these books continually, and with such high fervor! Amusingly they begin when Falco's main employer Vespasian was a young man. The writing is so good with a great sense of humour thrown in.

Her bestselling mystery series features laid-back First Century detective Marcus Didius Falco and his partner Helena Justina, plus friends, relations, pets and bitter enemy the Chief Spy. The plot is quite complicated, but has some nice twists and turns, and Falco is once again ably supported by Helena Justina.

I do object to using enslaved Judeans as a plot device.
