### The Qur'an: Some interesting quotes from Islam's sacred text

The very notion of biographical data in the Quran depends on exegetical principles derived from material external to the canon. Its wording is letter for letter fixed by no one but Allah.

### The Quran

The intervention of Gabriel in ordering the various verses in Islamic history is meant to guarantee not only the sanctity of the individual verses, but the religious validity of the organization of these verses in the Qur'an. And he said: O mankind! In other documents, we are told that Hajjaj 661-714 , the governor of Iraq, had collected and destroyed all the writings of the early Muslims. Many of these new converts spoke other languages and the original Arabic of the Qur'an began to corrupt.

### The Qur'an: Some interesting quotes from Islam's sacred text

The second version was full of tendentious fiction, and was to be found in the work of historians such as Sayf b. Then there are other verses that have been added in the interest of rhyme, or to join together two short passages that on their own lack any connection.

### Free Quran

Islamic Law: There is also a consensus by all four schools of Sunni Islamic jurisprudence i

### The Holy Quran: Surah 2. The Cow

Those revelations were written down by scribes as Muhammad pronounced them during his ministry, and his followers continued to recite them after his death. Any typical representative of the group whose doctrine was to be projected back on to an ancient authority, could be chosen at random and put into the isnad.
