Vallance and Davies found that women members of the European Parliament played a major role in raising the equality directives on the political agenda in the late 1970s.

Political Recruitment: Gender, Race and Class in the British Parliament

Generally the response was fairly uniform across social groups although support was slightly stronger among the better educated and younger members, as might be expected, and there was also a modest difference by gender.

Intersectionality, Recruitment and Selection: Ethnic Minority Candidates in Dutch Parties

Candidate motivation Motivation - political ambition, drive, determination - could be expected to play a critical role in recruitment. I say, well you have a cheek to tell me to my face.

Women in the European Parliament: effects of the voting system, strategies and political resources. The case of the French delegation. GSPE Working Paper 10/28/2008

Post-unification Germany also falls into this category. Reducing complex personalities with complicated, multiple and overlapping motives to a few simple types seems crude and inadequate.
