## The State of Developer Ecosystem 2018

Lastly, there exist small minorities of Buddhists as well as those who practice Confucianism, mostly members of the ethnic Chinese community. Hence the challenge will be addressed to ensure sustainable development could improve welfare and provide justice for all .

## Population of Indonesia

This is marked by the release of 57 new superior rice varieties Varietas Unggul Baru - VUB , 25 VUB of corn and 10 VUB of soybean. The implementation of the no-one left behind principle is also reflected in the data disaggregation for Indonesian SDGs. The Infant Mortality Rate IMR and Under Five Mortality Rate Angka Kematian Balita-AKBa are constantly decreasing.

## Indonesia

For mobile phones, channel loyalty is becoming no less important than brand loyalty as customers start to be comfortable with mall offerings and services. An independent two-tailed t-test shows there is a real change in the average density of the population, i. Through the development of agglomeration and deepening of industries, employments will be higher and are closely related to poverty reduction.

## Indonesia Accelerates Fight Against Childhood Stunting

This early stage of development presents a unique opportunity to co-develop mental health literacy resources for young people, ensuring that they support emerging health systems and the needs and preferences of their end-users. The paper develops regression models to examine the effects of household and community characteristics on household contributions of time and money to three types of participatory community development efforts: governance, social welfare, and environmental infrastructure. The economic values of the conservation areas are implemented through fishing activities, cultivation, marine tourism, research and education.

## **Data discrepancy, testing credibility haunt Indonesia's COVID**

As in many other countries, those not connected to water supply networks pay the most for water. Originally Javan wildlife supported a rich biodiversity, where numbers of species of flora and fauna flourished; such as the , , , , , , and.

### **CASE STUDY: Community Based Ecological Mangrove Rehabilitation (CBEMR) in Indonesia**

One third of utilities had foreign debt, whose value in local currency increased substantially due to the devaluation of the rupee in the 1998 financial crisis. .
