## Trends Transforming The Aerospace Industry Outlook In 2021

Special Thanks to the faculties who provided best guidelines and environment for studies. Apart from the knowledge which I received over there to be a part of an industry which is least forgiving of mistakes it also has given me the memories which I would cherish for my entire life.

### WV Department of Transportation

The aerospace industry is no exception.

## Trends Transforming The Aerospace Industry Outlook In 2021

Simulated Data The maintenance, repairs, and operations MRO part of the aerospace industry has often been one of its more complex aspects. Ashutosh Gupta AirAsia India Ltd.

### Aviation Institute Of Maintenance

Autonomous Flight Systems Autonomy has been a growing trend in most industries in the past few years and has impacted them in several years. I knew that Aircraft Engineering would be challenging and will involve a lot of creativity and diligence.

## Obstruction Evaluation / Airport Airspace Analysis (OE/AAA)

Whatever knowledge I gained in IAE is supporting me in day to day basis and overall in my career growth. But, again, this is primarily because of a reliable and increasing demand in the region.

### WV Department of Transportation

Much of this has been due to newer and more specialized equipment, which demands modern platforms. This has meant that those in the field have had to determine more ways to make this simpler while retaining accuracy and reducing risk. We have DGCA approved Flying Training Institutes, Maintenance, Repair and Overhaul companies where students may receive practical training on live aircraft and its associated equipment.
