## HIV/AIDS

In West and Central Africa, nearly one-third of people living with HIV didn't know their HIV-positive status in 2019.

## Frontières identitaires et Représentations de l'altérité (FIRA)

Ils sont beaucoup plus confiants au sujet de leur identité », souligne Rita, rassurée. Bibliographie non exhaustive AGAMBEN, Giorgio 1995 Homo sacer.

## Frontier

Low HIV prevalence rates - ranging from two to 10 per cent across West and Central African countries, and less than one per cent across the Middle East and North Africa - have left these regions in a blind spot in the global HIV response. Intersectional Benchmarking Unit The Intersectional Benchmarking Unit collects and analyses data about local labour markets in all locations where MSF employs people. However, a third source, an aid worker familiar with the episode, said the head office had already been

aware of the allegations.
