The May 1970 National Student Strike

Protest Activities The great majority of protests on college campuses were peaceful and non-violent violence occurred on fewer than 5 percent of the campuses.

Copper Strike 1913

The students had paved the way in terms of going out on strike first, and I think that some of them felt faculty members were trying to come in for attention after the students had organized the strike and gained administrative and media attention. They were also organizing on a statewide level with Third World students on other campuses. In the time that the National Guard had a strong presence in the area, there were no strike related deaths.

1968: The strike at San Francisco State

The next most frequently used tactic in this category was picketing, often done in an effort to increase support for a strike on the campus. We kept the house stocked with sodas and Little Debbie snacks for when my friends came over. But they died knowing their courageous actions had put at least a dent in the Nazi propaganda machine.

Student strike of 1970

Police Superintendent José Figueroa Sancha , telling El Nuevo Dia that the police were responding to students destroying private property and that one police officer had been injured. They looked for work in many other disciplines and locations, most notably the Ford automotive assembly plants in Detroit.

May 1970 Student Antiwar Strikes

Placerville resident and Rural County Representatives of California RCRC CFO and COO Lisa McCargar understands this problem all too well.

Student Strike in Puerto Rico Continues With Increasing International Support

And right now, hospitals, public and private, are just full. This secret widening of the Vietnam conflict drew immediate condemnation around the world and fierce protests from antiwar activists in the United States, especially on college campuses. Socialist Worker contributors remember the great struggles of the revolutionary year of 1968 — and the lessons they hold for today.
